A Spinster Says That

Some men never look sober unless they are full.
Man was made to mourn, but a widower usually outlives it.
Much of the experience a man gets comes too late to benefit him.
Few men can resist the temptation to swallow undeserved praise.
Lying will never become a lost art until all men have been buried.
Some men kick because their daily bread doesn't come already buttered.
But few men have been injured by the accidental discharge of their duty.
Women admire a handsome man when he has good sense—but there's the trouble.
Some men get so tired doing nothing that they are never able to do anything else.

After a man's acquaintances really get to know him they often fail to recognize him.
When a man says there's no use talking you may as well prepare for a long-winded argument.
The number of things a man knows about a woman is only about 1 per cent. of what he thinks he knows.
You may have observed that men who sit around and wait for dead men's shoes never cut much of a figure in history.

Beware of the man who smiles when he is angry; he is dangerous. And beware of the man who looks gloom when he is glad; he's probably a humorist.

Violent Attack of Diarrhoea cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a life saved.

"A short time ago I was taken with a violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John J. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a 25c bottle and after taking three doses of it was entirely cured. I consider it the best Remedy in the world for bowel complaints. For sale by all druggists."

COSTS NOTHING UNLESS CURED

A Fair Offer Made by Penny to All Sufferers from Catarrh.

G. L. Penny is selling Hyomei on a plan that has caused considerable talk amongst his customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that Penny offers to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice.

Do not suffer any longer with tickling, smarting, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case, Penny will return your money.

E. C. WALTON

DEMOCRATIC TICKET.

For President.

ALTON BROOKS PARKER,
of New York.

For Vice President.

HENRY G. DAVIS,
of West Virginia.

THE INTERIOR JOURNAL unintentionally did the Sautley-Carroll delegates an injustice when it stated last issue that they left the convention at Lexington. Truth of the business is the Cantrill crowd adjourned the convention without a majority of the votes and left, the Sautley-Carroll delegates not voting on the motion. Immediately following this the Sautley-Carroll delegates gathered in a corner of the hall and proceeded to organize another convention. They elected Mr. Donaldson, whom they had voted for as chairman, and W. S. Burch, of Lincoln, as secretary. No count was had of the delegates present, but the chairman stated that 103 delegates were represented. A motion was made by C. C. Fox, of Boyle, that the convention adjourn to meet there on August 24 next. This was adopted just as Chief Jerry Reagan informed the delegates that the mayor did not want them to meet in the hall and refused to allow it. They adjourned and returned to their respective headquarters. The convention was the most disorderly in the history of the democratic party. The Cantrill men went to Lexington with the intention of running things to suit themselves and they were ably assisted in this by their chairman, Messrs. Lee and Mitchell, the Lexington police force and a goodly number of thugs and hoodlums. There were probably a dozen fights and bleeding and bruised heads were numerous. Fortunately, or unfortunately as you like, nobody was seriously hurt. It was a disgraceful affair and we earnestly believe that on calmer consideration Judge Cantrill will ask a nullification of the nomination and request a call for another convention. The grand old man can't afford to accept the nomination coming as his did. His long and honorable career as a citizen, lawyer and judge must not be tarnished by his accepting what does not belong to him. "Sweet Owen's" vote was contested and the Carroll men held the credentials from the county chairman and until that contest was settled Judge Cantrill nor any other man had a right to use that vote.

THE INTERIOR JOURNAL has never refused to support a democratic nominee and will never do so as long as it remains under its present ownership but it declines to put Judge James E. Cantrill's name at its masthead until he is declared the nominee for Appellate Judge by higher authorities than the so-called convention that nominated him. The editor both admires and respects the grand old gentleman and believes that nothing is too good for him, but he must get a clearer title to his claim before we can place him under the presidential nominees, Parker and Davis.

THOSE who heard Hon. R. C. Warren's splendid speech at the Lexington convention speak in glowing terms of it. The way he went after Chairman Lee for his unjust and outrageous rulings was a caution and the honest delegates and members of the convention applauded him vociferously. It made the other crowd look like "thirty cents."

POLITICAL.

Owing to an attack of lumbago, Senator Hoar will not actively participate in the coming campaign.

Chief Justice Burnham will be a candidate on the republican ticket to succeed himself on the appellate bench in this district.

Dr. A. A. Ames, former mayor of Minneapolis, convicted of accepting a bribe, will run for Congress on the republican ticket.

Populist men met in New York and arranged to notify the presidential candidate, Thomas E. Watson, of his nomination at Cooper Union August 18.

Flint Garrett, a young lawyer of Brownsville, Tenn., was the democratic nomination for Congress over Rice A. Pierce, for 14 years Congressman from the Ninth district.

Hon. Harvey Helm, Lincoln's Congressional entry, was here Monday mingling with the voters. He paid the Herald a pleasant call. While Mr. Helm found everybody for our own home man, Col. D. L. Moore, he made many friends that may do him good in the future—Harrdsburg Herald.

J. J. Cornwell was nominated for governor by the democrats of West Virginia, at Parkersburg. Henry G. Davis, democratic nominee for vice president, attended the meetings of the resolutions committee, the members of which acceded to his views concerning the platform, which was afterward almost unanimously adopted.

"Edwards is sanguine of being nominated for Congress," says a dispatch from London.

The Haytian authorities have adopted vigorous measures to stop the anti-foreign movement and quiet once more prevails.

Congressman James N. Kehoe was named as the Kentucky member of the democratic Congressional campaign committee.

In the democratic primary in Nelson Nat. W. Halstead was nominated for county attorney, Morgan Glicky for county clerk and P. C. Mass for jailer. The race for school superintendent is in doubt.

Former United States Senator Wm. Lindsay, of Kentucky, now a resident of New York, in a letter to Hon. Jas. C. Sims, of Bowling Green, states that he is for Judge Parker for president and in sympathy with the entire democratic platform. He will speak in Kentucky during the campaign.

John W. Kern, of Indianapolis, after smothering a vice presidential boom at St. Louis, steering Thomas Taggart to the chairmanship of the democratic National committee and receiving the democratic nomination for governor of Indiana, is resting at Lake George before entering the campaign.

John D. Carroll has addressed a letter to Chairman McQuown, of the democratic State central committee, setting forth the circumstances of the appellate district convention, which resulted in the nomination of Judge Cantrill, and asking the committee to review the action of Chairman Lee.

Judge Parker's resignation as chief justice of the court of appeals has been filed with the secretary of State. This will enable the issuance of the necessary orders to bring about the election of a successor to Chief Justice Parker this fall for the full term of 14 years instead of an appointment by the governor for one year if the resignation had been delayed until after Aug. 10.

Chairman Lewis McQuown, of the democratic State Central and Executive Committees, has received a request from the Hon. John D. Carroll that the central committee be called in session to hear his protest against the action of Executive Committee W. A. Lee, of Owen county, taken in the fifth appellate district convention at Lexington, in setting a contesting delegation from his home county before the temporary organization had been effected. He will call the committee together. The call will be issued within the next day or two for a meeting within the next 10 days. The meeting will be held either in Frankfort or Louisville, probably at the latter place, as the call for the meeting will also include consideration of the question of holding a primary election or convention in the Washington-Marion circuit court district, which has just been referred by the district committee to the State committee, the former being unable to agree.

MR. J. T. SALTER is at home from the Confederate Home at Pewee Valley for a few days. He is delighted with the home, which now has 203 "Old Confederates" on its register. THE editor of the Casey News says he printed our copy of his paper upside down on purpose that we might better understand that papers' republican doctrine. We infer from this that republican doctrine is clearer to the uninitiated when you take it the reverse of the way it is intended. This being the case we suppose we must believe that the republican party is for free silver, free trade, sailor's rights and last, but not least, does not indorse assassination.

Two rural routes will be put in operation Tuesday, Sept. 15. Route No. 1 goes by Rowland, Walnut Flat, Sugar Grove School-house, Jones' and Cowan's farms, etc., and the carrier returns to Stanford by noon, abundant time for mail for Nos. 23 and 24. Route No. 2 goes by Lytle, Logan's farm, Tribble's corner, J. Moore's corner, Bishop's farm, Knob Lick pike, 24 1/2 square miles. Area covered 20 square miles, 145 houses and population of 652 served. The salary is \$720 and the carrier will be named later. Both routes will leave Stanford at 7 A. M.

THE Crab Orchard High School will begin a six-months' session Monday, Aug. 29, conducted by Prof. C. Ware, of Pulaski, assisted by Miss Sallie McWhorter.

DR. FALLIS is delighted with the prospects of Stanford Male & Female Seminary, which opens Sept. 5. He thinks he will have a full school and all teachers necessary for the work will be employed.

JAMES R. BEAZLEY has his rock crusher at J. W. James' distillery, Crab Orchard, crushing rock for the Ottenheim and Crab Orchard pike. Mr. Beazley and Road Supervisor Dunn will soon have our pikes in ship shape.

AS you know, we have sold out, and we expect those who owe us by either note or account to call and settle without delay. One of us can be found at our old stand with the books ready to give you a clear receipt. This is no joke; we must settle our business up. Carson & Pence. 2t.

ALFONSO DENHAM and his two brothers, Charles and P. Denham, were arrested and charged with cutting Caleb Denham, a school teacher of the McKinney section, because he whipped their little brother. Each gave bond in \$100 for their appearance at their trial to-day.

BRODHEAD.—The good people of Brodhead are making preparations on a large scale for their fair which begins Wednesday of next week, 17th. The prospects for a successful meeting are most flattering. Secretary Robert L. Collier informs us. People are coming from several counties, while show stock is promised from the Blue-Grass to the "Pennyrile." In the ladies exhibit department samples of fine needle work will be seen from the States of Virginia and Massachusetts. The Richmond band has been engaged to make music for the occasion.—Brodhead is the busiest little place on the L. & N. railroad. A dozen stores, big and little, do a thriving business and just now things are livelier than usual. Many oil men are headquartered here, some are drilling for oil, others taking leases, etc. Both of the good hotels are crowded but their guests are being well cared for. No dollar-a-day hotels in the country compare with them and it is no wonder that they keep "full houses."—The Cranor-Smith Co. will put up a big stove factory near town soon, which will give employment to many laborers. It will prove a great help to Brodhead and the entire community. A soap factory is talked of, but there is no certainty about its being started.—A bank for this enterprising little town is an assured fact. If nothing unforeseen occurs it will be in operation by Nov. 1. The capital stock will be \$15,000 and that amount and more has already been subscribed. Mr. Hutchison, of Salvisa, Mercer county, is the originator of the scheme and it is understood that Mr. C. E. Gaines, a friend of

his, will be cashier. The impression prevails that Mr. J. Thomas Cherry will be president of the institution. A two-story brick building will be erected for its home.—The wife of Mr. W. H. Sowder, who has been ill of typhoid fever for a month, is some better. Mr. J. H. Albright, the genial proprietor of the Albright Hotel, is ill from overwork. With these exceptions the health of Brodhead is good.—An enormous amount of lumber is shipped from this place each month and the revenue from that source is a material help to the citizens hereabout.—Our townsman, Harvey Helm, is exceedingly strong in this democratic corner of Rockcastle. Only a half dozen Gilbert admirers can be found, while the Mercer county candidate for Congress hasn't a single follower. The rest are for Helm and they are stronger for him since the memorable Shelbyville convention than they were before. There is much disgust and disappointment among the democrats over the row and rumpus at Lexington Thursday. Disgust because of the disgraceful proceedings that marked that so-called convention and disappointment that Judge Sandley was not nominated and nominated by a majority of the delegate strength of the convention. The judge's friends in this section include every good, straight democrat as well as each right-thinking republican.—Brodhead people are doing a commendable work in the erection of a splendid public school building. A tax of 25c and a poll tax of \$1 is being collected, which will pay for the creditable and commodious school building.

FEMALE WEAKNESS

642 1-2 Congress St.

Portland, Maine, Oct. 17, 1903.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmina Swann
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

No. 75, 150,000 acres of cotton land in Mississippi. There is no section of country which offers so many opportunities for profitable investment as the Mississippi Delta which is now fully described as "Prosperity Valley." The timber, becoming more valuable all the time for the reason that lumber people from the North (where the supply of timber is fast diminishing) are constantly increasing their purchases of timber lands in the South. When the timber is removed the land is unequal for agricultural purposes. It will produce a bale of cotton to the acre or will grow any other kind of crop raised in the temperate zone. The soil needs no fertilizers and gives a yield which cannot be excelled; taxes are low, the title is perfect and the man who buys Delta farm and timber lands for present prices is making an investment that he will never regret. This land is divided into tracts ranging from 40 acres to the tract to 17,000 acres to the tract and prices from \$8 per acre to \$40 per acre, according to location, etc. We are authorized by the company who owns these lands to state that as other parties are considering the purchase of these lands that we offer the true facts in respect to prior sale, withdrawal from market or change in price without notice. However, when notified, they will hold any tract out of market long enough for the purchaser to make an investigation. About 12,000 acres of this land has been sold by the Company since we received this option. For further particulars call at our office.
